

DNREC – Surface Water Discharges

LEGAL NOTICE

Issuance of NPDES Phase II MS4 Permit for The Town of Middletown

The Department of Natural Resources and Environmental Control, Division of Water, hereby gives notice that the Town of Middletown has applied for the issuance of the National Pollutant Discharge Elimination System (NPDES) Phase II Municipal Separate Storm Sewer (MS4) permit (Permit No. DE 0051209; State Number WPCC 3213/13) to discharge municipal stormwater.

Based on a preliminary staff review and application of lawful standards and regulations, the Department proposes to issue the referenced permit, subject to certain limitations and conditions. The proposed determinations are tentative. Persons wishing to comment upon or object to the proposed determinations are invited to submit same in writing to the Surface Water Discharges Section of the Division of Water, at the address listed below, no later than 30 days from this notice. All comments received prior to said date will be considered in the formulation of final determinations regarding this application.

A public hearing on the above will **NOT** be held unless the Secretary of DNREC receives a request by **4:30 pm on October 25, 2013**, or if the Secretary determines that a public hearing is in the public interest. A request for a hearing shall be in writing and shall state the nature of the issues to be raised at the hearing. It must also show familiarity with the proposal and a reasoned statement of the permit's probable impact.

The applications, fact sheets, and permits are available for inspection by contacting:
